*****Basic Planning Training For Councillors**

Following a request from one of our Parish Councils:

“Councillors are in need of training in the basics of planning applications - i.e. a non technical course that focuses on the grassroots issues of the criteria that can be used for objecting and how to respond effectively”

we approached their local District Council, East Herts, whose Head of Planning and Building Control responded that they are “*keen to impart a greater knowledge of the planning system to any who are interested*” but notes that there would need to be a minimal charge to cover the costs of staffing time and venues, etc.

If your council would be interested in attending such an event, please contact the HAPTC Office, stating the likely number of councillors (depending of course on the specific date) so we can consider the viability and liaise on your behalf.

We would also like to hear from interested councils who do not come under East Herts District as we will either ask if they can also attend, or if we have sufficient councils under another Authority we will contact them to ask if they can make similar provision.
